Purpose

The purpose of this Bulletin is to provide a friendly reminder that it is still mandatory to wear face masks at Executive Aviation when on shift and in the workplace.

Wearing Face Masks

Executive Aviation follows the direction of Public Health Agency of Canada. With this, Executive Aviation team members will be expected to continue wearing face masks on shift and anywhere in the workplace. Wearing face masks will be mandatory for all Executive Aviation bases and departments until further notice.

Provincial Changes

While we recognize that each Province is at a different point in reopening and lifting Covid-19 restrictions, we feel it is important to continue and maintain Covid-19 personal protective equipment at all bases across Canada during this time.
